

Lunacy Cheating

Depresy

You wan'da step into my world
It's a sociopsychotic state of bliss
You've been delayed in the real world
How many times have you hit and missed?
You cat-scan shows disfiguration
I wanna laugh myself to death
with a misfired synapse
with a bent configuration
I'll hold the line while you gasp for breath
I met sadness"
As yellow leaves the snow"
For very long
And long time ago
A habit
And addiction
Killing me
Making me nobody...
(I am nobody's)
CATATONIA
We lie
Flatter not to languish
And we find the anguish
Not to steal the hope
Or even tranquil mind
(We refer to beauty and arguments
remorsefully looking for peace)
O. D. P.!!
