

## Lunacy Cheating

Depresy

You wan'da step into my world  
It's a sociopsychotic state of bliss  
You've been delayed in the real world  
How many times have you hit and missed?  
You cat-scan shows disfiguration  
I wanna laugh myself to death  
with a misfired synapse  
with a bent configuration  
I'll hold the line while you gasp for breath  
I met sadness"  
As yellow leaves the snow"  
For very long  
And long time ago  
A habit  
And addiction  
Killing me  
Making me nobody...  
(I am nobody's)  
CATATONIA  
We lie  
Flatter not to languish  
And we find the anguish  
Not to steal the hope  
Or even tranquil mind  
(We refer to beauty and arguments  
remorsefully looking for peace)  
O. D. P.!!
