

## Metaphysical Implication Of Evil (Spiritual Cremation)

Depresy

Magic geometry  
Forlorn prayer cemetery  
False Messiah  
Sanguinary gate leading to Assiah

Crown of thorns, baby's giggling  
Galaxies created for eternal sin  
Moist tombs, guilt of love  
Death is the only certainty  
Being the route to new life

By destructive flame heavens flared  
Cinder is creeping on sanctity chimera  
In freezing shine of midnight suns  
Lifeless light devoted to night

Everything breeds, everything dies  
Eternity between two heartbeats flows  
None of the stars is timeless  
Only infinite black darkness  
It was origin - comprehend  
't was beginning, 't will be end

Magic geometry  
Desperate prayer cemetery  
Fake Messiah  
Burning gate leading to Assiah

Pain and delight, temple of lust,  
Vision of power and glory wheedles Black and white, no  
middle curse  
Without kiss of vice we don't know virtue  
Through evil we learn

Evil is not only absence, it's forcing power,  
Living spiritual being,  
To which we behold, being aware of it

Blaze communes on heaven's throne,  
When weakness and acrimony are born  
Creature of angel sows to souls:  
Possibility of choice, seed of eternal pain
