You think I'm so easy
And you think I'm so naïve
Well you better think a little harder
Because you're not the first I've ever seen

And what you think ain't so bad
If you use it for what you want to see
And what I want ain't so bad
It's a part of what we are and what we need

And you think I, I didn't notice
What surrounds you and swallows you so whole
Not for a second or a minute did realize there's a reason
that I ever have stopped it from taking you
Let it all swallow you

Don't be afraid
Because I'm only here to share with you my world
We could swim in the ocean or we could sit up on the sands
And dream of the way that we could be

So, so what should we do now?
So, so so what should we do now?
