

Hold On Fool Heart

Derailers

Hold on, fool heart
Don't let her bring us in
Don't let her win again
I hope by now you have learned

Let go, cruel eyes
Don't make us watch her leave
Don't let our hearts believe
That she will ever return

Your love was sweet
It was the sweetest dream
But every evening
Must meet the dawn

I thought that you
Would always be with me
Then I woke up
And you were gone

Hold on, fool heart
Don't let her bring us in
Don't let her win again
I hope by now you have learned

Hold on fool heart

Your love was sweet
It was the sweetest dream
But every evening
Must meet the dawn

I thought that you
Would always be with me
Then I woke up
And you were gone

Hold on, hold on

Hold on, fool heart
Don't let her bring us in
Don't let her win again
I hope by now you have learned

Hold on, fool heart
Hold on, fool heart
