

Where Ya Been

Derailers

Where ya been? What ya been doin'?
What took you so long?

I was wanderin' 'round this mean old town
Chin down on my chest
My brows were beaten, my pride was feelin'
Like it needed a little rest

But then you came along with a beautiful smile
And you danced just like a dream
You kiss like fire and your lips taste sweeter than
Strawberries and ice cream

Been all around, had all kinds of lovin'
Never felt a love so strong
Where ya been? What ya been doin'?
What took you so long?

I remember when you looked at me
A big smile on your face
It moved me so it's a memory
Time will not erase

'Cause you came along when I was wishin'
I was six feet underground
It's good to know when you least expect it
True love can be found

You picked me up and dusted me off
Got me singing a brand new song
Where ya been? What ya been doin'?
What took you so long?

Where ya been? What ya been doin'?
What took you so long to appear?
All I know is we're going to stay together
Springtime through winter, year after year after year

We're pitchin' woo and cooin' together
Like a couple of turtle doves
Some folks say it's crazy but I like to call it
Good ol' fashioned love

If we keep on lovin' like there's no tomorrow
Baby, we can't go wrong
Where ya been? What ya been doin'?
And what took you so long?

What took you, honey?

Where ya been? What ya been doin'?
What took you so long to appear?
All I know is we're going to stay together
Springtime through winter, year after year after year

We're pitchin' woo and cooin' together
Like a couple of turtle doves

Some folks say it's crazy but I have to call it
Good ol' fashioned love

If we keep on lovin' like there's no tomorrow
Baby, we can't go wrong
Where ya been? What ya been doin'?
And what took you so long?

I said where ya been? What ya been doin'?
And what took you so long?
