

# Absolute Power

Derdian

How many years have gone for making our whole world?  
Something must be stronger than the stone  
Everythings been perfect timetil now

How many lives weve  
Cryin my head, theres a reason for my wife  
All your choices are mine  
In your mind they die

Tell me why youve done this my life  
You dont know Im sunk away  
I pray to Lord, the absolute power  
And I know from Him, and you know from me  
The answer

Cant you feel free?  
Why have to believe  
You will forget her  
Its easier to breathe  
Follow your dreams and youll be free

Are you ready for more?  
I am sure about my magic dreams  
I know from Him  
You know from me  
The absolute power how it feels

I will play alone  
I will show my magic dreams  
And we have our dreams  
And we wait from you the absolute power

We make you feel dreaming  
We help you to believe
