

# The Spell

Derdian

Walking around died warriors  
You cannot find the way  
To leave there pain and sorrow  
And come inside my reign  
All that you want is all I want  
We are a bloody mind  
And with me you've found your glory time

I will expose to you my plain  
To get the final war  
This is the time to win the game  
And purify the world  
You have to be more merciless  
And to be full of rage  
And with me you'll ride my horse of hate

And now I want to see your fight  
Into the darkness of the night  
Forever you will be my warrior  
Because your soul is mine!

I am not your enemy  
This is not your end  
I will keep your soul until you are under my spell  
Make the evil carries on  
Fall into my war again  
Keeper of this hell!

Time after time you've lost your faith  
Searching to stay alone  
But now it's time for you to dare  
Your walk is hard and long  
Enter my fortress my old friend  
You've never been so strong  
And with me you'll come to rule the world!

And now I want to see your fight  
Into the darkness of the night  
Forever you will be my warrior  
Because your soul is mine!

I am not your enemy  
This is not your end  
I will keep your soul until you are under my spell  
Make the evil carries on  
Fall into my war again  
Keeper of this hell!

[Troghlor:]  
Forever and Ever  
You and me we'll stay together  
In the joy, in the pain  
But always fighting, always fighting for the win

[Angels:]  
Until the end of time  
He will bring you to die

Don't listen to this lie  
And come back to the life  
Until the end of time  
He'll try to take your mind  
And will bring you to die  
Until the end

Don't listen  
Don't follow him  
We whisper:  
"Your place is here"  
Don't listen  
Don't stay with him

[Golstar:] I have to go with my own king

And now I want to see your fight  
Into the darkness of the night  
Forever you will be my warrior  
Because your soul is mine!

I am not your enemy  
This is not your end  
I will keep your soul until you are under my spell  
Make the evil carries on  
Fall into my war again  
Keeper of this hell!
