I Am Yours

Derek and the Dominos

- I am yours, however distant you may be
 There blows no wind but wafts your scent to me
 There sings no bird but calls your name to me
 Each memory that has left its trace with me
 Lingers forever as a part of me
- I am yours, however distant you may be
 There blows no wind but wafts your scent to me
 There sings no bird but calls your name to me
 Each memory that has left its trace with me
 Lingers forever as a part of me
- I am yours, however distant you may be
 There blows no wind but wafts your scent to me
 There sings no bird but calls your name to me
 Each memory that has left its trace with me
 Lingers forever as a part of me

I am yours
