

## The Very End

Derek Webb

This is my murder trial  
I'm going to testify  
And I'll love you to the very end  
The very end  
The very end

Cross my heart, hope to die  
You are my firefly  
And I'll love you to the very end

The very end  
The very end

You are the anti-curse  
Death going in reverse  
And I'll love you to the very end  
The very end  
The very end
