## **The Very End**

## **Derek Webb**

This is my murder trial
I'm going to testify
And I'll love you to the very end
The very end
The very end

Cross my heart, hope to die You are my firefly And I'll love you to the very end

The very end The very end

You are the anti-curse
Death going in reverse
And I'll love you to the very end
The very end
The very end
