

Teach Me Baby

Derrick Morgan

I'm gonna teach my baby
I'm gonna teach my baby
Ooh, let her know
What is right from wrong
I'm gonna let her know
She had to leave who she was

I'm gonna hit it into her brain
I'm gonna hit it into her brain
Ooh, get it in her brain
What is right from wrong
I'm gonna let her know
She has to creep before she walk

Then I caress her, romance her
All night and day
Then I send my thrills running through and through
Up and down her
Wretched spine

I'm gonna teach my baby
I'm gonna teach my baby
Ooh, let her know
What is right from wrong
I'm gonna let her know
She has to creep before she walks

I'm gonna teach my baby
Teach my baby
Gonna teach my baby
