Tell It To Me

Derrick Morgan

Darling, darling, if I am gone
Can't you please tell it to me
Many nights I have longed for you
Just to hold you with my arms

Darling, darling, if I am gone
Can't you please tell it to me
If I lose you, it would curse my life
So please darling, set me free

Now, to me you are so beautiful
So beautiful and so soft
Darling, I'd like to marry you
Believe me dear, it is true
Whoa-ho

Darling, darling, if I am gone
Can't you please tell it to me
If I lose you, it would curse my life
So please darling, set me free

Now, to me you are so beautiful
So beautiful and so soft
Darling, I'd like to marry you
Believe me dear, it is true
Whoa-ho

Darling, darling, if I am gone
Can't you please tell it to me
If I lose you, it would curse my life
So please darling, set me free
Whoa-ho
Darling, set me free
My my my my
Darling, set me free
Whoa-ho
Darling, set me free
My my my my
Darling, set me free
