

Want More

Derrick Morgan

Everyday, every night
Every minute of the hour you want more
Everyday, every night
Every minute of the hour you want more

Why you're so little, little
Why can't you satisfy
I'm not the only man
To pour out your distress on

Everyday, every night
Every minute of the hour you want more
Everyday, every night
Every minute of the hour you want more

Till you can come and go
Don't come around no more
I'm not the only man
To pour out your distress on

Everyday, every night
Every minute of the hour you want more
Everyday, every night
Every minute of the hour you want more

Why you're so little little
Why can't you satisfy
I'm not the only man
To pour out your distress on

Everyday, every night
Every minute of the hour you want more
Everyday, every night
Every minute of the hour you want more

Just can't get no more, oh no
You just can't get no more, no
You just can't get no more, oh no
You just can't get no more
