

Herald The Day

Des'ree

Herald the day
When the hungry ain't hungry no more
When truth and justice reign
When color don't stand in the way

Herald the day
When the hungry ain't hungry no more
Honesty always pays
So you better start mending your ways
Herald the day
When color don't stand in the way
Oh, blessed day, hey hey hey

Something's gonna happen
It's written in the air
Something's gonna happen
Revolution is everywhere

Herald the day
When the earth ceases to cry
Innocents always pray
So their babies don't have to die
Herald the day
When truth and justice reign
Oh, blessed day, hey hey hey

Herald the day
Herald the day
Herald the day
