## Descendents

The words she writes will change the world  
She's much smarter than me  
Inside she writes a side of herself  
She won't let me see

Such a hateful little girl  
Her little book is her whole world  
It's all there in her little book  
And I can't help but wonder  
But she says I'll never understand

She says there's no love  
And everyones out to get her  
She keeps me shut out  
And I don't want to let her

Such a hateful little girl  
Her little book is her whole world  
It's all there in her little book  
And I can't help but wonder  
What chapter I fit under, yeah

I'm a stone age male and that's a fact  
There's so much more to me than that

Such a hateful little girl  
Her little book is her whole world  
She's writing in her little book  
She don't like me  
But she's got me hooked  
And I can't help but wonder  
What she's like between the covers  
And I can't help but wonder  
What she's like between the covers  
And I can't help but wonder  
What she's like between the covers, yeah
