

## Jean Is Dead

### Descendents

Wake up early, mad at you  
Got to school but where are you?  
You should have told me  
I should have known  
But now you're gone  
And I'm alone  
Your mother told me  
Last night on the phone  
Now you're gone  
Now I'm alone  
I would have helped you  
I would have done anything  
I would have taken you with me  
Or bought you a ring, but  
Now you're gone and, I'm alone!
