

## Pervert

Descendents

Don't you think it's time I let you know  
Don't you think I should before you go  
I'm not gonna let you get away  
Cuz I want to fuck you night and day  
I'm a pervert

I like to go out on dates  
See a movie communicate  
We'll go home and have some fun  
I'll tell you sure you're the only one  
Then when I leave your house I smell of sex

Then I know I'm a pervert because I like it  
Then I know I'm perverted because I want it  
Want it all of the time

Don't you sometimes wonder what I want  
Don't you sometimes think I just want your cunt  
I'd hate to think that romance is just a pose  
But all I want to do is rip off your clothes  
I'm a pervert

I like to hold you in my arms  
You know I wouldn't do you harm  
I never take advantage in my book that's a sin  
But somehow I find myself caressing your skin  
Then there's one word on my mind and that word is fuck
