

# Homeless

Desert Rose Band

She started out a rodeo queen,  
Future looked just fine  
Fell in love with a boy in school,  
Married an assembly line  
They were huntin' down the American dream  
Wonderin' where it'd gone  
When they found themselves  
To be fair game lost their home

He was laid off on a Friday night went out  
Drinkin' with his friends  
She stayed in the car with the kids all night,  
He never came back again  
Oh what was she to do,  
Where was she to go  
Is home really where the heart is  
When the heart can't feel at home

Homeless, her and her family  
Homeless, is this the way of livin' free  
And her house is an abandoned car  
At the side of the road  
Homeless, will she find where that road goes

Her time is now so precious,  
She hunts for work and food  
Their clothes are torn and tattered,  
So her kids stay out of school  
She looks for hope under every can  
"At the sound of the tone  
Just leave a message. We'll call you back"  
But they know she's not at home

Homeless, her and her family  
Homeless, is this the way of livin' free  
And her house is an abandoned car  
At the side of the road  
Homeless, will she find where that road goes

In this land of milk and honey  
We share with all who need  
Except the ones outside our door,  
The ones we cannot see  
It's the proud, the true,  
The faithful left out in the cold  
It's people just like you and me  
At the end of the road

Homeless, her and her family  
Homeless, is this the way of livin' free  
And her house is an abandoned car  
At the side of the road  
Homeless, will she find where that road goes  
Homeless, will she find where that road goes
