

Carry Go Bring Come

Desmond Dekker

This carry go bring come, my dear, brings misery
This carry go bring come, my dear, brings misery

You're going from town to town making disturbances
It's time you stopped doing those things, you old Jezebel
The meek shall inherit this Earth, you old Jezebel
It needs no light to see you're making disturbances

It's better to seek a home in Mount Zion high
Instead of keeping oppression upon innocent man
Time will tell on you, you old Jezebel
How long shall the wicked reign over my people?

It's better to seek a home in Mount Zion high
Instead of keeping oppression upon innocent man
Time will tell on you, you old Jezebel
How long shall the wicked reign over my people?
How long shall the wicked reign over my people?
How long shall the wicked reign over my people?
