

Fu Man Chu

Desmond Dekker

It make no sense at all to say where you used to work
It make no sense at all to say how much you used to earn
It make no sense at all to say what you used to do

This is the face of fu manchu...

It make no sense at all to say what you used to do

It make no sense at all to say how much you used to earn
Is not what you earn that make you a man but is what u keep tha
t make you a
Man

This is the face of fu manchu...
