

Take It Easy

Desmond Dekker

Take your time, take your time, take your time
No need to worry
Take it easy, take it easy , take it easy
No need to worry

No slippin', no slidin', no bumpin', no
I ride into town
If you fall from the race, it's no disgrace
Just pick yourself from off the ground

Take your time, take it easy, take your time
No need to worry
Take it easy, take it easy , take it easy
No need to worry

For the road is rough
And don't you, don't you, ever get stuck
But take your time, take it easy, take your time
No need to worry, yeah, no, no, no, no, no

Take it easy, take it easy , take it easy
No need to worry
Take your time, take your time, take your time
No need to worry

For the road is rough
And don't you, don't you, ever get stuck
Take your time, take it easy, take you time
No need to worry

(No matter worry yourself)
Take your time, take it easy, take your time
No need to worry
(No matter worry yourself)

Take your time, take it easy
No need to worry
(No matter worry yourself)
