

Far Better

Desperation Band

Far better is to be with You
Even for a day
Than to live a thousand years
And to never see
One glimpse of Your face
As for me I want to be
Close to You
All my days I want to live
In Your house
So take me
Make Your home in my heart
Wash away these guilty stains
Make me like You are
Surround me
Closer than the air that I breathe
Because You have loved me
I want to be
A friend of God
