

## Holy Praise

Desperation Band

We crown You with adoration  
Enthroned You upon our praises  
For You are the King  
And You have captured  
Our hearts again  
We join with the angels chorus  
For we know our God is for us  
You are the King  
And You have captured  
Our hearts again  
The only true and living God  
Lord of glory Lord of love  
To You we sing our hearts we bring  
With hands held high  
Let holy praise arise  
A song of love  
A heart of thanks
