

# Joy Will Come

Desperation Band

Joy will come in the morning  
Riding on the wings of the dawn  
I know  
Joy will come after mourning  
Surely as You are God

Joy will come believe  
Joy will come joy will come  
(2x)

Joy will come like the harvest  
Reaping for the tears that we sow  
I know  
Joy will run to the farthest place  
Surely as You are God

Joy will come believe  
Joy will come joy will come  
(2x)

What is this hope I feel  
It's helping  
What is this peace beyond  
Understanding  
You fix the broken heart  
There's healing in Your wings  
(3x)

Joy will come believe  
Joy will come joy will come  
(2x)

What is this whisper small  
I'm hearing  
So far above it all  
It's speaking  
You're still the sovereign Lord  
There's healing in Your wings
