

Our God Is Coming

Desperation Band

Hear the freedom sound
Broken chains
Hit the ground

Now the time has come
Beyond ourselves
To live as one

We worship our God
Only only
The one living God
Holy holy
Jesus we give You our lives
Oh Jesus we give You our lives

Raise the banner high
The flood of love
Has changed our lives

All the earth resound
Singing songs
Of God's renown

Our God is coming
Look to the skies oh
Heaven is wide open
You are the Christ
