Our God Is Coming

Desperation Band

Hear the freedom sound Broken chains Hit the ground

Now the time has come Beyond ourselves To live as one

We worship our God
Only only
The one living God
Holy holy
Jesus we give You our lives
Oh Jesus we give You our lives

Raise the banner high The flood of love Has changed our lives

All the earth resound Singing songs Of God's renown

Our God is coming Look to the skies oh Heaven is wide open You are the Christ
