

Revolve

Desperation Band

I was lost but now im found
And my world revolves around You
I was far away and now
My world revolves around You

Jesus, my world without and end
No mind can comprehend
Though i keep trying
Jesus, my faith has found Your love
My hope has found its trust
My heart will beat the sound
My world revovlves around

Though the sky should touch the ground My world revolves around
You
I surrender, You sourround
When my world revovles around You

Now my eyes are fixed on You
And I cant look away
Cause all this heart was made to do
Ias to offer highest praise
My praise, praise, my praise
