

Taking Over Now

Desperation Band

Every morning I wake up just to find
Never ending mercies, You made mine
I can't deny the joy inside
You set my world in motion, God
And I can't stop spinning

Jesus, You lift me up so high
Above all the things that
I could not ever seem to leave behind
Now with You I cannot be stopped

You are living in my heart
Your life is taking over all of me now
You're taking over now

All around the world, let people sing
Of a God who set the captives free
Salvation is forever Yours
I won't stay silent anymore
And I can't stop singing
