

We Will Not Forget

Desperation Band

In the valley in the shadows
Emmanuel our God is with us
In the quiet in the darkness
Emmanuel our God is with us

You have never failed us God
And You will never fail

We will not forget all Your benefits
We will not forget all You've done for us
You are for us
Ever for us God
We will not forget what You've brought us through
We're not letting go all our hope is You
You are mighty
Ever mighty God

We've silenced lions
We've slayed our giants
Emmanuel our
God is with us

We've shouted victory
We've found our liberty
Emmanuel our
God is with us

You have never failed us God
And You will never fail

We will not forget all Your benefits
We will not forget all You've done for us
You are for us
Ever for us God
We will not forget what You've brought us through
We're not letting go all our hope is You
You are mighty
Ever mighty God
