

All the things that we have seen

Destination Anywhere

I never wanted you to stay
I wanted you to go away
Now that you're gone it is too late
To say I don't want you to hate
Me now and I am so afraid
My explanation comes too late
I am the best in see and wait
It is my downfall it's my fate

I don't see you
Oh I don't want to see you go
I don't see you
Want you to know that I need you

I see our time
I see our time is going by
I see our time
Oh I don't want it to go by

All the places we have been
And all the things that we have seen
You are my friend
All the places we have been
And all the things that we have seen
You are my friend

At least I'm fine
But all those clouds are on my mind
At least I'm fine
But I would try to turn back time

All the places we have been
And all the things that we have seen
You are my friend
All the places we have been
And all the things that we have seen
You are my friend
