

Come inside your no future...  
Disorder prepares to rise  
Evolution means no issue  
in this unknowing grey sky.  
Generation of existence  
burden of past is cancelled  
Generation of ignorance  
creates new soil of tomorrow...

New world of illusion  
made from nothing.  
New world of damnation  
created to be destroyed...

Biotechnology meant nucleonic Armageddon...  
Neo-archaic civilization...

Fruit of the no mercy divine storm...  
Creating post-solution to build again...  
Creating post-disclaim to live again...
