

## Until Death Desire

Destinity

Enchained to their stupid  
Irrational convictions graced since years  
And since the dark beginning.  
They are seeing red flames spreading on earth.  
Today they appreciate to teach secrets of Darkness.

Until death desire...  
Until the death they will fight...

Why did you adore to be humiliated ?  
Why did you adore to be raped and guided ?  
We are progenies of the futile future !

Beyond their writings  
Beyond their words  
You understood their sad lies.

Beyond their writings  
Beyond their words  
You understood their autism.

Beyond their writings  
Beyond their words  
You understood pains of God.

Why did you adore to be humiliated ?  
Why did you adore to be raped and guided ?  
We are progenies of the futile future !
