

# My Time Has Come

Destiny's Child

It's too far  
It's too fast  
It's too quick  
It won't last

It's not right  
But it's not wrong  
There's no time  
Move along

But I've come much too far  
And I know what's in my heart  
And I know what I feel  
I can tell when it is real  
My time has come

It's okay  
Be afraid  
It's alright  
You just take that fear

Turn it in  
To your strength  
It's called life  
And that's why we're here

Now I've come much too far  
And I know what's in my heart  
And I know what I feel  
And this time I know it's real  
My time has come

And like the road below me  
I know I'll touch the sky above  
A million footprints around me  
Tell me it can be done  
My time has come

Now I've come much too far  
And I know what's in my heart  
Cause I know what I feel  
And this time I know it's real  
My time has come

It's so close  
It's been a long time comin'  
It's here and now  
And I know it'll last

It's so right  
That it can't be wrong  
Now's the time  
For me to be strong

Now I've come much too far  
And I know what's in my heart  
And I know what I feel

And this time I know it's real  
My time has come

I know that I just gotta keep movin' on  
I know what's in my heart, my time has come

I know that I just gotta keep movin' on  
I know what's in my heart, my time has come

I know that I just gotta keep movin' on  
I know what's in my heart, I can feel it, my time has come

I know that I just gotta keep movin' on  
I know what's in my heart, I can feel it, my time has come

I know that I just gotta keep movin' on  
I know what's in my heart, I can feel it, my time has come

I know that I just gotta keep movin' on  
I know what's in my heart, I can feel it, my time has come
