

Show Me the Way

Destiny's Child

I wanna know, If i could get to know you
So many things, baby I cant wait to show you
I dont know, if you feel the same as I do
Give me a sign baby, show me what to do

Can I be all you need
Can I be your everything
Baby the time is now
If you just show me how

Show me the way to love you
Every night and everyday
Im thinking of you
All I need is just the chance to love you
Show me the way baby, show me the way

What would it take for us to get together
I wanna know would you stay with me forever
Give me the chance
I know I could make you love me
Just say the words baby let me make you see

Can I be all you need
Can I be your everything
Baby the time is now
If you just show me how

Show me the way,
What would it take for me to love you?
Every night everyday
I want you to know, Im thinking of you
Im thinking of you
