Stay

Destiny's Child

Baby I want for nothing just your tender sweet loving I know you've got your things to do But tell me what means more to you Hanging out with me or with your boys Sometimes I do get lonely No you and no one to hold me You want so much to lay me down Is that what keeps you hanging 'round? Is that the only way to win your heart?

Well if I loved you a little bit longer If my love was a little bit stronger Would you stay, stay? Baby please stay If I granted all of your wishes Give you more than touches and kisses Would you stay, stay? I need you to stay

I'll be, be yours forever
But can we keep us together?
I know the time is drawing near
I promised you has it been a year
Baby now I'm ready, will you stay? Sta-ay

Well if I loved you a little bit longer If my love was a little bit stronger Would you stay, stay? Baby please stay If I granted all of your wishes Give you more than touches and kisses Would you stay, stay? I need you to stay

Every night I lay and think about it If you love me you could live without it But I don't wanna do you that way, no no no no no I don't know exactly what I'm feelin' I'm kinda scared but I'm then kinda willing Will you promise me just one thing? No matter what, you're gonna stay

Well if I loved you a little bit longer If my love was a little bit stronger Would you stay, stay? Baby please stay If I granted all of your wishes Give you more than touches and kisses Would you stay, stay? I need you to stay
