

## Twice The Price

Destrage

Please introduce yourself  
Explain your ego in three words  
How many girls did you win?  
And what about your private games?  
Are you crazy man?  
Are you a perfect lover?  
Tell me the craziest thing you've done to do a chick

I am the dude, girls fall in love with me  
I just need a smile  
You know once I've bought her a tiny crocodile  
So who's the man

Now we can say you're cool  
A perfect bull ready to ride  
But you didn't answer to the first point  
Please introduce your goddammit ass

I am the dude, girls fall in love with me  
Just need a smile  
And something else like roipnol melted in a glass of wine

They say  
Let me see the price tag you put on your face  
No way  
Twice the price has no right to double care

As you see  
Froth at the lips  
Ain't no cool  
Not what you want to be
