

## Virgin With A Memory

Destroyer

Was it the movie or the making of "Fitzcarraldo"  
Where someone learned to love again?  
'I can't remember' is not the same as 'I don't know,'  
Virgin with a memory

Was it the movie or the making of "Fitzcarraldo"  
Where your mother decided to fashion herself  
After the sad deity we left on the shelf?  
She wanted blood, all she got was sacrifice  
She wanted blood, all she got was sacrifice  
She wanted blood, all she got was sacrifice

Virgin without a memory  
Now's your chance to be free  
Of all those favorite bands you ditched for one that's grander  
No Use For A Name to The Make-Up  
It's all the same

The singer not the song, no  
The singer not the song, no  
The singer not the song, no

Formative years, wasted  
In love with our peers, we tasted life with the stars  
Anticlimactic as Mars was, still  
A red earth with no way of knowing  
The silver colossus exists just to be growing  
A red earth with no way of knowing  
The silver colossus exists just to be growing

Was it the movie or the making of "Fitzcarraldo"  
Where someone learned to love again?  
Where someone learned to love again?  
Where someone learned to love again?
