

## Death Trap

## Destruction

Midnight, on a forgotten cemetery  
No stars, just a black sky  
The moon shines red  
Terrible sounds in the night it is sabbath

Why are you here?  
You've disturbed the sabbath  
You know the punishment  
There's only one solution... death!!

Wolves howl, witches dance around the stake  
Serene holy hell, preachers pray  
They pray to Satan, his majesty is here

Why are you here?  
You've disturbed the sabbath  
You know the punishment  
There's only one solution... death!!

You look confused, and I know why  
Now you see sacrifices, feel the flames, feel the fear

Now its too late, you cant escape  
Your fear builds up, look at your death,  
Wheres your god now??

Why did you come?  
The ceremony has ended  
You know the punishment  
Death! Death... death!!!
