

Destroyer Or Creator

Destruction

I wrote this song for those who suffer
This epic poem will make you tougher
Stand up - Why should you be entombed
I wrote those lines those who feel doomed
Destroyer or creator
Be your own decapitator
Take these words as an evil base
It amkes you stronger - Phrase by phrase
In a broken world of promised and lies
There are partners in crime - Liberalize!
Destroyer or creator
Be your own decapitator
Everybody fights his demons
We are all freaks with a different aim
Some had luck others lost it all
When death unites us we are all the same
Destroyer or creator
Be your own decapitator
Destroyer or creator
Be your own decapitator
