

# Life without Sense / In the Mood

Destruction

You were born  
but you don't know why you're existing  
You are unabled  
why is it you and not me?

Your parents they're shocked  
but still they love you  
You are their flesh and blood  
what else could they do?

Not even modern medicine  
can help your tortured body  
Hospital is your world  
doctors your friends  
to keep your dreadful life

Other people never treat you  
like a normal human being  
They often think you should'nt be  
a part of their sick society

They smile at you but deep inside  
they think you shouldnt be here  
Because they never ever realize  
you got a heart and feelings too

People turn their heads  
whenever you walk by  
Because they believe  
you live a life without sense  
Life without sense  
Life without sense

If I'd be you  
i might decide to commit suicide  
But you're strong enough to live on  
because its you and not me

You were born

You are unabled  
why is it you and not me?

If I'd be you  
i might decide to commit suicide  
But you're strong enough to live on  
because its you and not me

Because they believe

Life without sense
