

Live to Start Again

Destruction

Bow down when you pray to me
Kiss me when you betray me
Carry my cross through the night
Help to kill when I choose life

I am no Jesus Christ
I'm just a common man
I will not die and live
Live to start again

Touch my woundings, close my eyes
Tell me that your love's a lie
Through flesh and wood
You drive the nails
Make me feel my life has failed

I am no Jesus Christ
I'm just a common man
I will not die and live
Live to start again

The grace of God is much too small
Is much too small, too small for me
Why hast thou forsaken me?
I will not
Live to start again
