

Sheep of The Regime

Destruction

Insubordination - A dangerous game
In a uniformed nation outsiders are to blame
Obey & serve the authorities or you will go thru hell
Adapt to the system or end up in the cell
We did not come to fulfill your expectation
That's why we are the scum of nations and nations
We never cared about your rules and your lies:
Cause anything you do my logic denies...
Cursed souls of conformity don't wanna be a
Sheep of the Regime
Customization focus of the disease
Sheep of the Regime
Scared flock of sheep - Mutants of their needs
Individuality - A dying quality
The sheperds of the doomed - Oppress, confuse, rape minds
Cowed masses are in fear - The propaganda machine is here!
We did not come to fulfill your expectation
That's why we are the scum of nations and nations
We never cared about your rules and your lies:
Cause anything you do my logic denies...
Cursed souls of conformity don't wanna be a

Sheep of the Regime
Suffocated by paragraphs and rules,
We are losing our given strenght and our tools
- Degenerated by a system that poisoned our souls
- We still believe in our predicted roles! Outburst!
We did not come to fulfill your expectation
That's why we are the scum of nations and nations
We never cared about your rules and your lies:
Cause anything you do my logic denies...
Cursed souls of conformity don't wanna be a
