

## A Crippling Heritage

Desultory

What is wrong with you, it's broken  
We are done, can't you see  
You're dying, how can you laugh at me  
This pain is nothing  
Defeated - broken - bleeding  
All I've got - is what I - was given

And it's always one more lie  
Can't go on, can't go back  
And it's always one more lie  
Stuck in this trap

Do I serve - your purpose  
What is this - what are we doing here  
Hold your breath now - for how long - for too long - it's done  
Defeated - broken - bleeding  
All I've got - is what I - was given

Burn these images into your eyes  
Look behind all this and realise  
I don't know what is breaking inside  
I don't know what I'm going to find

Stuck in this trap
