

# I Tamper with the Evidence at the Murder Site of Odin

Dethklok

You investigate the murders  
At the gates of Gods

I tamper with the evidence at Odin's murder site

I can swim through time  
I can't be killed  
I have no way to die

You will hunt through life  
The physics of this world  
Can't stop my crime

Draw your sword  
I'll meet you at the battle rock

Space will see me through  
I can't be killed  
I have no way to die

Spheres within this range  
Will be my path my energy ignites

Parasite  
Ultra-violent porthole  
Fasten straps  
Helmet frigid wormhole

DETH in you  
Déjà vu  
Mammoth view  
Time will twist your soul

You spin  
Your blood goes thin  
Your marrow burns  
Your veins behind to burst

The speed it hurts and hurts  
And strains your brain  
As you spin forth through time

You meet yourself for one brief moment  
In an eclipse and watch you DIE

Your guts explode as you erode  
You broke the code the riddles solved  
You made the trip  
You have evolved  
You're the eclipse  
You are a God
