Deuce

I am your worst nightmare  
I'll get inside your head  
You'll see me before it ends  
I am your worst nightmare  
Don't worry, don't be scared  
I'm not going anywhere

Yeah, I bet you missed me  
I'm the next to best thing  
Ever since these emcees  
Tried to mix the next thing  
Rock is empty since I signed with 10th Street  
Kids keep connecting to this controversy  
Homosexual auties  
Who are on your routine  
Got a hard on for me  
With a heart on your sleeve  
Keep on stroking  
While your friend's performing  
Moaning to the picture of the cock you're holding  
All that emo shit is gone  
This music is taking over  
All these pussy ass promoters  
Better get the fuck on board  
Cause homie you know I ain't slowing  
Every hour I keep growing  
I don't need no sugarcoating  
Now my comeback keeps it going

Here comes the pain  
Over and over again  
Go!

I am your worst nightmare  
I'll get inside your head  
You'll see me before it ends  
I am your worst nightmare  
Don't worry, don't be scared  
I'm not going anywhere

The games are changing  
Since I rearranged it  
I approached the gangs that  
Put these kids in danger  
Interscope hates me  
Yeah, they say I'm crazy  
Because I got a buzz, well, I'm as big as Jay-Z  
Hail to the king while the ground is shaking  
TMZ just found me, baby it's groundbreaking  
Oopsie-daisy  
You're saying this daily  
Everyday I give the world a brand new statement  
Internet's contaminated  
With every word that I'm saying  
Bitches got my shit replaying  
Look at what I've generated  
I came in and this game hated

But I'm back and I'm upgraded  
Joined the way back in the same  
God I love my reputation

Here comes the pain  
Over and over again  
Go!

I am your worst nightmare  
I'll get inside your head  
You'll see me before it ends  
I am your worst nightmare  
Don't worry, don't be scared  
I'm not going anywhere

I'm sorry but this isn't what you planned  
Someone like me finally in command  
Everything's changing ever since I came back  
Your made up love songs are all fucking trash  
Went from rock to pop that's why you're so wack  
Must be why I've got, so many fans  
When I'm on racks, ladies still says "damn"  
Maybe that why I've got so many, oh yeah  
I'll be right there, in your face  
Invading motherfucker, all up in your space  
Girl once you go up in flames, yeah  
Remember me, girl, remember the name

I am your worst nightmare  
I'll get inside your head  
You'll see me before it ends  
I am your worst nightmare  
Don't worry, don't be scared  
I'm not going anywhere

This is a warning, yea  
Still got blood on my hands  
Don't fuck with me or else  
I'll see you in fucking hell  
Yeah!
