

Sometimes

Deuce

Sometimes I feel like i wanted this to end
Sometimes I feel like there's nothing left
Sometimes I feel like the world was falling down
Somehow I feel like i was wrong

Don't go Don't stay
Don't fight the feeling that you felt so long before
Don't tell me everything is alright

Don't go Don't stay
Don't find the reason why we fallin' down today
Don't tell me everything is alright
Don't go

Sometimes I feel like I'm falling in this mess
Somehow I still feel so upset
Sometimes I feel like the world was gonna end
Somehow I feel like i was wrong

Don't go Don't stay
Don't fight the feeling that you felt so long before
Don't tell me everything is alright

Don't go Don't stay
Don't find the reason why we fallin' down today
Don't tell me everything is alright
Don't go

Will you stay with this life I betrayed
Will you pray with me, I'm falling apart
Will you stay with this life I betrayed
Will you pray with me, I'm falling apart

Don't go Don't stay
Don't fight the feeling that you felt so long before
Don't tell me everything is alright

Don't go Don't stay
Don't find the reason why we fallin' down today
Don't tell me everything is alright
Don't go

Don't tell me
Don't go
Feel like i wanted this to end
