

# Divebomb Djingle

dEUS

It is a waterproof  
Windproof  
I love you  
I'm-on-the-roof-kind-of-a-way

We're in the grill room  
With the groundwork  
You stain your skirt, skirt  
I love your hairdo, I hate your way

Yes, that's the price you pay!!! [Repeat: x4]

I'm just a shipboy  
I pay my shiptoll  
And every shipday  
I take a shipstroll  
Out on the deck

It's complicated  
I underrated  
But now I made it  
Might it be a bit O.K.?

No, that's the price you pay!! [Repeat x4]

I'm feeling weary'  
He said to Larry  
I'm gonna O.D.  
I hit the roadie  
I'm in a pop band

He said 'Remember James Dean  
Was looking pristine  
In comes the benzine  
Out goes the rebel without a grant  
But with a fanzine'

Yes, that's the price you pay!!! [Repeat x4]

Just like a dive-bomb  
You're gonna dive son  
Ain't nothing won hon'  
Until it's done done  
Look out for the quake

Check out the ceiling  
There's nothing healing  
Your life is peeling  
I know the feeling  
You just want to break (2x)

No, that's the price you pay!!! [Repeat x4]

I'm just a shipboy  
I pay my shiptoll  
And every shipday  
I take a shipstroll

Out on the deck

It's complicated

I underrated

But now I made it

Might it be a bit O.K.?

No, that's the price you pay!!!
