

## Let's Get Lost

dEUS

Let's get lost, all right, all right  
Let's get lost, all right  
You know a place where we can go  
Ask your money, get your money on a stool  
Let's get lost, all right, all right  
Let's get out and hold me some more  
It's crazy, it's crazy, it's crazy, it's crazy, crazy  
In my own words  
See you dancin' in your own damn rain  
Take it in and take it back again  
Looking novel when your fashion's old  
It's kinda early but the story's told
