

## Feel It

Dev

In a painting crystal clear we are waiting  
All the colors cause emotions  
It was just like yesterday-o  
The ocean shine right blue  
Everything that we said was true  
Though we hope that we'll never change  
There's just nothing left to say

We feel it now, we feel it now  
We feel it now, we feel it now  
This is the way I feel, I feel it  
We feel it now, we feel it now  
This is the way I feel, I feel it  
I wasn't meant to just go through the motions  
This is the way I feel, I feel it

You're groaping, and your time you are wasting  
Looking backwards, we Don't wanna talk bout yesterday, no  
Now the ocean say it in twoCuz same stories are so one troughSo  
metimes you pick up where you left off  
Now there's nothing left, now there's nothing nothing left

We feel it now, we feel it now  
We feel it now, we feel it now  
This is the way I feel, I feel it  
We feel it now, we feel it now  
This is the way I feel, I feel it  
I wasn't meant to just go through the motions  
This is the way I feel, I feel it

A E I O U U U U  
A E I O U U U U

This is the way I feel, I feel it  
This is the way I feel, I feel it  
This is the way I feel, I feel it  
I wasn't meant to just go through the motions  
This is the way I feel, I feel it
